

HOW CAN YOU HELP?

THE IMPACT

Over time we have built relationships with 10+ schools and about 1,200 girls. We have proudly served these girls through our mentorship throughout the school year.

With more than 2,600 middle and high schools in the Inland Empire we have so many more girls to serve and impact

THE NEED

We have received an overwhelming amount of requests to expand and grow our program's reach to more schools and more girls .

Through the creative mind of our Founder, Tamara Ellison, the solution "Grow on the go" was developed, and we need YOUR help making it happen with your donation and partnership to reach our \$30,000 goal.

GROW ON THE GO?

"Grow on the go" is a campaign designed to enable us to transform any space into a cultivating environment to host classes, workshops, and more, through the purchase of a utility van. The van will help us employ our impact and empowerment in underserved communities, which often lack the resources to attend inspirational events and activities.

PLEDGE

- \$25
- \$75
- \$100
- \$500
- \$1000
